

CURRICULUM VITAE

Adam D. Goodworth, Ph.D., P.E.

Areas of Professional Expertise

Biomechanical Expert and Analysis of Real-World Accidents
Occupant Kinematic and Dynamic Analysis
Injury Mechanism Evaluation and Tolerance Criteria
Evaluation of Automotive Protective Safety Systems
Fall Risk Analysis Based on Balance and Gait Testing and Simulation
Accident Reconstruction and Event Data Recorder Interpretation

Education

2005 -2010 Ph.D. in Biomedical Engineering, Oregon Health & Science University, Portland, OR
Dissertation topic: Sensorimotor integration and balance
2002 -2004 M.S. in Engineering Systems, Colorado School of Mines, Golden, CO
Thesis topic: Modeling fracture mechanics
1998 -2002 B.S. in Engineering (Mechanical specialty), Colorado School of Mines, Golden, CO

Employment History

2023-present President of Goodworth Biomechanic & Forensic Consulting, LLC
2022-present Full Professor, Tenured, Westmont College, Santa Barbara, CA
2020-present Bioengineer & Biomechanics Expert, Automotive Safety Research, Inc., Santa Barbara, CA
2020-present Technical advisor for Solos Health Analytics, Pleasanton, CA
2019-2022 Associate Professor, Westmont College, Santa Barbara, CA
2016-2019 Associate Professor, Tenured, University of Hartford, West Hartford, CT
2018 Visiting Scholar, Sabbatical, Mechanical Engineering Department, Baylor University, Waco, TX
2010-2016 Assistant Professor, Tenure-track, University of Hartford, West Hartford, CT
2010 Postdoctoral Researcher, Oregon Health & Science University, Portland, OR
2005 -2010 Graduate Research Assistant, Oregon Health & Science University, Portland, OR
2004 -2005 Design Engineer, JR Engineering, LLC, Denver, CO

Licenses and Certifications

2021 ACTAR Accredited Traffic Accident Reconstructionist, # 2225
2020 Professional Engineer, Mechanical License # M 40242, State of California
2014 Certificate in Prosthetics, Newington Certificate Program in Prosthetics, Cromwell, CT

Continuing Education

2022 Event Data Recorder Use in Traffic Crash Reconstruction, *Institute of Police Technology and Management*
2022 *National Highway Traffic Safety Administration*, Human Subjects for Biomechanical Research, Denver, CO
2022 *Stapp Car Crash Conference*, Denver, CA

- 2022 Bosch Crash Data Retrieval Operator training, *Get EDR Data*, Sacramento, CA
- 2021 *California Association of Accident Reconstruction Specialists*, Fall conference on Accident Investigation, Review, Industry Update, and Case Studies, Lake Tahoe, CA.
- 2021 *Institute of Police Technology and Management*, ACTAR test preparation
- 2021 *American Academy of Forensic Sciences* Virtual conference
- 2021 *California Association of Accident Reconstruction Specialists*, Scene Visualization & Courtroom Presentation
- 2018 *World Congress of Biomechanics* conference, Dublin, Ireland.
- 2017 *International Society for Posture and Gait Research*. Fort Lauderdale, FL.
- 2016 *American Physical Therapy Association Combined Sections Meeting*. Anaheim, CA
- 2015 *Kentucky spinal cord and Head Injury Research Trust Symposium* Louisville, KY
- 2014 *International Society for Posture and Gait Research*. Vancouver, Canada.
- 2013 *LIMBS International Summit*, Prosthetics devices for developing countries, El Paso, TX
- 2013 *American Orthotic Prosthetic Association World Congress*, Appropriate Prosthetics Technologies for Developing Countries. Orlando, FL
- 2012 *American Orthotic Prosthetic Association*, Ankle Foot Orthoses and Balance, Boston, MA
- 2011 *IEEE Engineering Medicine and Biology*, Motor Control Principles in Neuro-robotics, Boston, MA
- 2011 Vestibular Rehabilitation in the Medically Complex Elder, Physical Therapy Workshop, Rocky Hill, CT
- 2010 Postdoctoral Training, Neurology Department, *Oregon Health & Science Univ.*, Portland, OR
- 2009 *Society for Posture and Gait Research*. Bologna, Italy.
- 2008 *National Science Foundation, Mathematical Biosciences Institute*, Biomechanics– muscle and whole body, Columbus, OH
- 2007 *Northwest Ear, Nose, and Throat Conference*. Portland,OR.

Related Research Experience

- 2019-present *Director and Developer, Human Performance & Balance Lab, Westmont College*, Custom design-built motor-driven translational platform to analyze real-world balance, including accelerometers, gyroscopes, 3D motion capture systems, force plates, tensile testing, and vehicle restraint systems.
- 2016-2018 *Human Subjects Committee Member, University of Hartford, CT*, Reviewed proposals across the University for Adherence to ethical principles in human subject research.
- 2010-2015 *Physical Therapy Faculty Research Committee Chair, University of Hartford, CT*.
- 2012-2013 *Co-Director and Co-Developer, Pediatrics Balance Lab, University of Hartford, CT*, Lab integrates electromyography, 3-D kinematics, and a custom design-built servomotor tilting platform for identifying sensory reliance.
- 2010-2019 *Director and Developer, Human Balance Control Lab, University of Hartford, CT*, Lab can assess walking balance on an Omni-directional treadmill system using 2-D motion capture, tilt sensors, and custom design-built motor-driven rotating platform.
- 2010 *Teach Research methods* to undergraduate and graduate students, including design, experimentation, analyses, and statistics.

Vehicle Safety & Restraint System Experiences

- 2022-present Ongoing research of seatbelt pretensioners at Biomechanics Lab (Westmont College, CA)
- 2020-present Vehicle investigations, including one investigation with NHTSA involvement
- 2019-present Observations with sled test, frontal airbag testing, curtain airbag testing, pretensioner testing, rollover simulation, and occupant dynamics at SAFE Laboratories, Goleta, CA

Funded Research Grant Awards

- 2021 – 2022 Westmont College: *Development and Pilot Testing of Restraint Systems for Injury Biomechanics*
- 2019 - 2021 Department of Defense OPORP: OP180014, *Direct quantification of balance amongst limited community ambulators using microprocessor prosthetic knees*
- 2019 ENHP Institute of Translational Research Seed Grant, *Engineering solutions for clinical innovation in rehabilitation*
- 2018 - 2021 National Science Foundation DARE #1803714, *Unraveling posture control in severe cerebral palsy*
- 2017- 2018 ENHP Institute of Translational Research Seed Grant, *Segmental trunk support for hippotherapy*
- 2017 University Coffin Grant, *Sensorimotor integration for posture control in the developing infant*
- 2016- 2017 Growing Partnership Award (Strategic Goal II), *Customized Support Devices in Electric Cars for Children with Disabilities*
- 2016- 2017 ENHP Institute of Translational Research Seed Grant, *Isolating vestibular contributions to sitting through a sway-referenced backboard system*
- 2015-2016 National Institutes of Health, *Loan Repayment Program Award Recipient*
- 2015 - 2016 CT Space Grant College Consortium Graduate Research Fellowship, *A longitudinal description of sensorimotor adaptations for posture control*
- 2014 - 2018 National Institutes of Health R03 Grant DC013858, *Sensory contributions to typical and atypical development of trunk control*
- 2014 - 2016 Scoliosis Research Society, *Segmental sensorimotor control of trunk posture in adolescent idiopathic scoliosis*
- 2011 - 2015 National Institutes of Health R01 Grant DC010779, *Vestibular contribution to the control of human upright stance* (subcontract)
- 2014 - 2015 ENHP Institute of Translational Research Sprout Grant, *Prosthetics training across borders*
- 2014 Summer Stipend, *Crafting prosthetic education tools for clinics and patients in developing countries*
- 2012 - 2013 Greenberg Junior Faculty Grant, *Reducing falls through mathematical equations*
- 2011 - 2013 Saint Francis Medical Center / University of Hartford (Jointly funded) Balance and Mobility Research Initiative, *A gel surface to mitigate injury when falls occur*
- 2011 - 2012 ENHP Institute of Translational Research Seed Grant, *Influence of an ankle orthoses on dynamic balance control*
- 2011 Summer Stipend, *Identification of brain structures and the rules which govern coordination of body segmental motion during curvilinear walking*
- 2006-2007 National Institutes of Health, *Training Grant T32DC005945*

Professional Organizations

- 2023- Associate Member, *American Academy of Forensic Sciences*
- 2021- Member, *Society for Automotive Engineering International*
- 2020- Member, *California Association of Accident Reconstruction Specialists*
- 2008- Member, *International Society for Posture and Gait Research*

Grant Reviewer

- 2019 Small Projects in Rehabilitation Research, *Veterans Affairs Office of Research and Development*
- 2017 *Action Medical Research*, a UK-based charity supporting medical research

2017, 2019 *National Institutes of Health, National Institute on Disability and Rehabilitation Research*
2017 *Netherlands Organization for Scientific Research, Applied and Engineering Sciences*

Journal Reviewer

2021 Scientific Reports – Nature
2021 IEEE Transactions on Neural Systems & Rehabilitation Engineering
2021 Healthcare, Nursing Section
2020 Journal of Functional Morphology and Kinesiology
2020 International Journal of Environmental Research and Public Health
2018-2019 Journal of Pediatric Rehabilitation Medicine
2010-2017 Journal of Neurophysiology
2017 IEEE Transactions on Biomedical Engineering
2016 Archives of Physical Medicine and Rehabilitation
2016 PLOS ONE
2016 Disability and Rehabilitation
2015 Journal of Sports Sciences
2015 Journal of Biomechanics
2010, 2014 Brain Research Journal
2014, 2018 Gait and Posture
2013 Journal of Haptics in Rehabilitation and Neural Engineering
2013 Journal of Bioengineering & Biomedical science
2012 IEEE Biomedical Robotics and Biomechatronics Conference

Provisional Patents

Goodworth A.D. *Omni-directional treadmill*. USPTO Application #61381983, September, 2010.

Book Chapters

Saavedra S. & Goodworth A.D. (2018). Posture Control in Children and Youth with Cerebral Palsy. Miller F, Bachrach S, Lennon N, O’Neil M (Ed.), *Cerebral Palsy (2nd Ed)*, Springer, New York.
Goodworth A.D., Johnson M, Popovich (2018). Chapter 12: Physical Therapy and Rehabilitation in Biomechatronics. Popovic MB (Ed), Elsevier, UK.
Troy K, Tetreault K, Goodworth A.D., Ji S, Popovic, (2018). Chapter 16: Biomechanics and Biomechatronics in sports, exercise, and entertainment. PopovicMB (Ed), Elsevier, UK.

Academic Teaching Activities

2019-Present *Westmont College*

Kinesiology Courses: Causes of Injury: Anatomy, Sports, & Forensics, Injury Biomechanics, Kinesiology Research, Basic Physic Primer, Biomechanics Lecture and Laboratory

Engineering Courses: Control Systems, Engineering and the Liberal Arts, Statics Programming (MATLAB & Excel), Engineering Materials

2011-2019 *University of Hartford*

DPT & MSPO Courses: Motor Control Lecture and Laboratory, Scientific Inquiry II and III, Doctoral Research, Neuroscience Laboratory, Freshman Dialogue, Freshman Pre-Physical Therapy Course, Biomechanics Laboratory, Kinesiology Laboratory, Gross Anatomy Laboratory, and Foundations of Professional Practice.

Engineering Courses: Thermo-Fluids, Engineering Biomechanics Lecture, Technical Advisor for Engineering Senior Design

2002-04 *Colorado School of Mines Engineering, Teaching Assistant*

Engineering Courses: Multi-disciplinary Engineering Laboratory, Machine Design

Honors

2020 Paul C. Wilt Phi Kappa Phi Lecture Series Awardee at Westmont College

2015 Belle K. Ribicoff Junior Faculty Prize at University of Hartford

2013 American Physical Therapy Assoc. Combined Sections Meeting in Wound Care Special Interest Group Research Award Recipient

2011 Humanities Fellowship Award Recipient for session on Creativity from University of Hartford for experimentation and modeling of human balance control

2010 J.M. Lee Memorial Graduate Scholarship Recipient

2007 First place winner in Oregon Health & Science University Student Research Forum presentations

2007 Institute of Electrical and Electronics Engineers (IEEE), Engineering in Medicine and Biology Society's Neural Engineering Conference Travel Fellowship Award Recipient
